

THEY POUNDED DEAD CLARKE.

Minnesota Knocks Twenty Hits Out of the Old Man.

Lincoln Lets Milwaukee Have One. Brewers Had to Hustle—St. Paul Divides with Denver—St. Paul Wins from Kansas City Easily.

MINNEAPOLIS, Minn., May 8.—[Special Telegram to The Bee.]—Today's game between Minnesota and Omaha was one of the greatest exhibitions of ball playing ever seen in the Flour City. It was nip and tuck through twelve innings, lasting two hours and forty-five minutes, and the Millers finally landed winner on a passed ball.

In the early innings both Clarke and Duke pitched a magnificent game, and at the end of the sixth inning the score was 4 to 3 in favor of the prince of Nebraskas.

In the seventh, however, Manager Harrington's men began taking kindly to "Dead" Clarke's curves, and the way they pounded the ball to every part of the field was a caution, and the bleachers howled until they got tired.

Finally the Omaha spiral artist pulled himself together and retired the local aggregation. The visitors, however, were not discouraged and did a little hot hitting and base running themselves, piling up three runs in the inning. In the next Minnesota only got around on a double, but the Kansas boys pounded the ball again. The outlook began to look decidedly cloudy and Duke was taken out of the box, Kilian being substituted. The hitting went right on, and the visitors led the score on 10.

In the next inning neither scored, but in the tenth Minnesota tallied two and Omaha came right up and duplicated.

In the eleventh Mitchell displaced Kilian. "Dad" Clarke gave his troopers an extra hit, and the game was over. The hitting neither scored, but in the twelfth Minnesota clinched the victory.

Shugart hit safely, worked around to third and came home on a short passed ball with two men out.

The hitting of Murphy, Minchew and Shugart was terrific. Walsh carried off the honor for Omaha by hitting a home run in the fourth, and his fielding was perfection. Score:

Other Western Games. Milwaukee Wins a Close and Exciting Game from Lincoln.

Lincoln, Wis., May 8.—[Special Telegram to The Bee.]—The last game of the series with Lincoln was captured by the hand of the Milwaukee players.

Delmy came to the front again today, making two singles and a home run. Captain Shugart responded to a triple by making each succeeding day, making some phenomenal one-run stands.

Charlie Cushman took Alberts out of the game today, playing a fine game and Dugan in right, Pettit going to second. The change seemed to work like a charm, judging from the result.

The locals scored in the first inning on errors of Raymond and D. Howe, two bases on balls, a single and a sacrifice. In the third Delmy struck out McGee and Schriver's home run increased it to two more.

Wilson's, a single and double added one more in the fourth. Two singles and a sacrifice added another in the fifth. The Milwaukee home run gave the home team four runs and placed in the ninth. The home team scored the winning run on doubles by Campion and Grim.

Lincoln scored twice in the first on two bases on balls, a single and a sacrifice. In the second two bases on balls and two singles scored one more. The third was productive of two more, an error by Shook, two singles and a double being responsible. A triple by Cline and Raymond's single resulted in one more in the fourth. One base on balls and a sacrifice in the ninth. The home team scored the winning run on doubles by Campion and Grim.

PLAYED IN A GALE.

Sioux City, Ia., May 8.—In a gale that blew down trees in the park and kept clouds of dust constantly sweeping across the diamond, the Sioux City team won the last game with Denver, making an even break on the series. The playing on both sides was good work, but in the hills of the wind good work was done by both sides. Superior work by the home battery in the latter half of the game was what saved Sioux City's scalp. The score:

Tough on the Talent. Nashville, Tenn., May 8.—Only one favorite won and the exchequer of the bookmakers was added to by many thousands of dollars. Bankrupt again upon the talent, being an even money favorite in the Morrell stakes, but finished third. The Morrell was looked upon as inevitable in the trial stakes, and the ease with which he won demonstrated the superiority of the Morrell over other stakes. As this arrangement was to allow Mr. Parnell to return to the next parliament at the head of a secure faction of the House, it was a very important matter.

DU'S REVIEW OF THE WEEK.

Various Causes Advanced for the Unusual Movement of Specie.

MAY STARTS OFF WITH A GREAT PLUNGE. Stiffening Influence Already Felt in Iron—Wool Scarce—The State of Trade in Different Cities.

Chicago, May 8.—R. G. Dun & Co.'s weekly review of trade says: The struggle to sustain Russian securities against the disfavor of the Rothschilds, the demand for gold by German bankers and threatened withdrawal of Russian gold from deposit in England, France and Germany account for much of the unusual movement of specie which has been in progress. The advance of one-half of 1 per cent at once in the rate charged by the Bank of England is rightly regarded as notification that England means to fortify itself in this great struggle by drawing gold from New York. This sudden advance comes at a season when the market can spare gold at less inconvenience than at any other, and the withdrawal from circulation less felt, though the fact that 47 per cent of customs receipts at New York are now in silver paper, shows that the remedy cannot last long.

May starts off with the great plunge in speculative prices, which has for some weeks been anticipated. Wheat fell 15 cents in many days. Stock prices have been out of 65,000,000 bushels with a net decline of 35 cents, and white corn has declined 85 cents in sympathy and many speculators have suffered, the sales have been but 11,000,000 bushels. An element of great strength is accumulated in the west, and the wheat crop is very good, the acreage having increased a third in Kansas and a quarter in Washington. The unusually early weather, while injuring fruit and vegetables at many points, does not appear to have seriously affected the large crops of wheat, which are exceptionally well. After such a season as has been realized, farmers are widely inclined to put in a greater acreage of wheat, and some kinds and grades are being sown a shade higher than a week ago, and a larger buying of pig iron at enhanced prices. The demand for structural iron is for the time lessened by the excessive strikes in building trades, but for bar and plates there is more demand.

Wood is scarce and the manufacturers not inclined to activity until the new crop comes forward freely. Returns from other points show a rather quiet trade and at Boston only a fair, with complaints in many quarters. At Hartford the price is 2 cents lower, and Philadelphia the price is 2 cents lower. Collections are on the whole somewhat improved, but there is yet much complaint. At Cleveland trade is fairly good in hardware, shoes and groceries, but light in dry goods and clothing and dull in iron.

At Detroit cold weather makes trade slack, lake freights are lower than at the opening and at Milwaukee building strikes affect trade, but at St. Paul trade is fair and crop prospects are excellent.

The extensive private advices received at Chicago as to crops are of the same tenor and the dry goods trade is better, with clothing and shoes satisfactory. Receipts of cured meats are heavy, but the price of hams is an increase of 25 per cent in wool and 35 per cent in cheese and butter.

Cincinnati reports a fair trade with shoe making still active. The promise is excellent and at Kansas City there is some improvement, as at Denver also.

New Orleans reports fair trade, with cotton prices steady.

South Dakota Farm Mortgage Hurst. St. Paul, Minn., May 8.—A special from Aberdeen, S. D., says: The Western farm mortgage company, one of the oldest companies in this vicinity, has assigned to its secretary and treasurer, J. T. Brown, of this city. The company's annual report shows a net profit of \$250,000, of which was paid in. President Wilson said that their assets are greater than the liabilities and every dollar would be paid.

Disgraceful Church Row. Hamilton, Ont., May 8.—A disgraceful row occurred in the Church of the Ascension this evening over the introduction of a surplice choir from Christ Church cathedral. The choir, consisting of ten boys, had been invited to sing at the Ascension church, but the choir of the Ascension church had been invited to sing at the Ascension church, but the choir of the Ascension church had been invited to sing at the Ascension church.
